Dear Dean Health Plan Provider:

Thank you for continuing to provide high-quality services to our members during the ongoing novel coronavirus (COVID-19) public health pandemic. We appreciate the efforts that have been made by all of our participating providers in adhering to the changes in coverage and billing from the Centers for Medicare & Medicaid Services and other regulatory updates. As we are moving to a more steady-state regarding COVID-19, we will not be releasing a COVID-19 provider communication on Thursday, May 28th. We will communicate updated urgent information should the need arise.

This notification contains information regarding:

- Place of service (POS) 02 reimbursement.
- Reprocessing claims with certain telephone assessment and management services.
- Administrative Services Only (ASO) self-funded employer group information.

POS 02 Reimbursement

To allow providers time to transition to clarified billing instructions issued in April for POS 02 on telehealth claims, Dean Health Plan has been temporarily reimbursing POS 02 at a rate equal to what would be paid if the services were rendered in the office setting. We will reinstate the former reimbursement rate for POS 02 for claims processed on and after June 1, 2020.

This does not change current billing instructions for POS on telehealth claims. Providers should continue to use POS 02 on claims when the member is seen via telehealth involving an originating-site facility and distant-site practitioner. Other telehealth services should be billed with the POS equal to what would have been billed if not for the public health emergency. Modifier 95 should be appended to indicate that the service rendered was actually performed via telehealth.

Reprocessing Claims with Certain Telephone Assessment and Management Services

In last week's COVID-19 notification, Dean Health Plan announced increased reimbursement rates for CPT codes 99441, 99442, and 99443 on claims with dates of service on and after March 1, 2020, across all Dean Health Plan products. Claims processed under the previous reimbursement rates were reprocessed on May 14th, so providers should expect to see associated claims updates soon.

ASO Self-Funded Employer Group Information

As ASO self-funded employer groups have the ability to determine whether or not to follow the health plan's fully-insured products actions, there may be some employer groups that opt not to follow the health plan's interim COVID-19 coverage changes. Please contact the Customer Care Center at 877-234-4516 or online at deancare.com/contact-us/contact to obtain current information for a specific employer group.

Additional Health Plan Information

For additional health plan information and previous provider communications, refer to our [COVID-19 provider information web page](#) link located at the top of all [deancare.com](#) web pages. Providers are encouraged to check our website regularly for new and updated information.

Please contact your assigned Provider Network Consultant with any questions.

Thank you again for your continued care of our members.

Sincerely,
