RE: Brand Adderall XR Removed from Formulary

Effective July 1, 2021, brand Adderall XR will be removed from the Dean Health Plan formulary. This notification is being sent as a courtesy reminder as Navitus has already notified providers of this change as well as members who are currently using the brand product letting them know that they must transition to the generic through their pharmacy. Transition to the generic will result in lower costs. If use of brand Adderall XR is medically necessary, providers can submit an [Exception to Coverage Request form](#) to Navitus along with a [U.S. Food & Drug MedWatch form](#), to document any adverse reaction or subclinical response to the generic.

Please contact the Dean Health Plan Customer Care Center at 800- 279-1301 if you have any questions.
