Dear Dean Health Plan Provider:

Dean Health Plan's Medical Policy Committee has approved the drug policies highlighted in this notification. These changes, and other changes not included in this notification, will also be communicated in the quarterly provider newsletters and available online. Please share this information with others within your organization who may be affected by these changes.

Dean Health Plan requires providers to obtain prior authorization on all drugs with written policies by sending authorization requests to Navitus, unless otherwise noted in the policy. Please note that most drugs require specialists to prescribe and request authorization.
