SECTION 1 – INTRODUCTION

Introduction

The providers listed in this directory are available to participants in the State Maintenance Plan (SMP) by Dean Health Plan for 2024. This directory is current as of September 1, 2023. Please review this provider directory to determine if your providers are in-network. State Maintenance Plan (SMP) by Dean Health Plan allows access to providers in designated Wisconsin counties with additional providers in Michigan in regions where Wisconsin providers are not prevalent enough to serve the SMP population. Information in this directory was current at the time of printing. You should confirm our network providers before you seek care. You may contact our Customer Care Center at 800-279-1301 to learn more about the participating providers. If you decide to receive care from a non-network provider, we strongly recommend you contact our Customer Care Center to learn more about the financial implications of receiving care outside the Network.

Prior Authorization

If your Health Care Provider recommends that you have a service or procedure that needs Prior Authorization, your Health Care Provider should submit a Prior Authorization request form to us. It is the Member's responsibility to make sure that your Health Care Provider requests Prior Authorization. We must receive the Prior Authorization request at least 15 business days before the date of your service or procedure. We will notify you and your provider in writing of our decision.

Your Health Care Provider may decide that it is Medically Necessary for you to 1) get additional services beyond what we originally authorized, or 2) receive care for longer than the length of time we originally authorized. If this happens, your Health Care Provider must contact us to request an extension of the original authorization. You and your Health Care Provider will be notified of whether we approve or deny your extension request.

Prior Authorization does not guarantee coverage and/or payment if you have already reached a benefit maximum or your coverage has been terminated.

For a listing of the most common services that require prior authorization, visit deancare.com/Members/Prior-Authorization/Prior-authorization-list. For specific benefit information and documented confirmation of services requiring prior authorization, contact Dean Health Plan's Customer Care Center at 800-279-1301.

Eligibility for the SMP

All of the following apply:

- 1) Participants under the age of 65 and/or not eligible for Medicare as the primary payer are eligible to participate in the SMP on the date they become Participants.

However, Employees over age 65 and/or eligible for Medicare may be enrolled in SMP with their Dependents until the Subscriber's termination of employment with a State or local Employer.
- 2) A Participant on a retiree policy who loses SMP eligibility because of Medicare eligibility automatically becomes a Participant under the Medicare Plus coverage, offered by UnitedHealthcare.
- 3) The Group Insurance Board determines the geographical area where the SMP may be offered.

How to use this Directory

Use this directory to find out if your current health provider is a participant of the State Maintenance Plan (SMP) by Dean Health Plan Network. The practice address is listed for each participating provider.

Except for urgent or emergency situations, care received from a non-network provider will be paid as non-network—subject to coinsurance, deductibles and our maximum allowable fee—if it is not authorized in advance by Dean Health Plan. For more information please see deancare.com/wi-employees. If a physician you are interested in seeing is not listed in this directory, call 800-279-1301 to find out about specific provider participation.

About the State Maintenance Plan

What is the SMP Network?

The State Maintenance Plan (SMP) by Dean Health Plan is made up of providers in designated areas in Wisconsin and the Upper Peninsula. When non-emergency medical services are not available from a Network provider within an SMP designated county, our Customer Care Center will work with you to find the nearest available provider. Please note: A member whose participation in the SMP terminates because of Medicare eligibility automatically becomes a participant under Medicare Plus coverage, offered by UnitedHealthcare.

What are the advantages of using a provider of the SMP Network?

When you receive services from the providers listed in this directory, you'll enjoy the following advantages:

- Less out-of-pocket expense. We have negotiated fee agreements with Network providers, and they have agreed to accept those fees as payment in full. Members are still responsible for coinsurance, copayments and deductibles where applicable.
- Reduce the risk of medical necessity disputes. Our contracts with Network providers give us added leverage to resolve many medical necessity and appropriateness issues that may arise. If you have such a dispute with a Network provider, please contact us and we will attempt to resolve the issue on your behalf.
- Faster claims processing. Claims from Network providers are sent directly to us for priority processing and prompt payment.

Do I have to use a provider who is in the Network?

No, you are not required to receive services from Network providers. However, the advantages listed above are only available through Network providers. If you receive services from a non-network provider, you may have additional out-of-pocket expenses. Refer to your Schedule of Benefits and Certificate of Coverage at deancare.com/wi-employees for specific information on benefits from non-network providers.

Whom do I call if I have questions?

If you have questions, call the Customer Care Center at 800-279-1301, and a member of our staff will be available to assist you.

Get the Right Care

When you need care, first call a SMP provider for an available appointment. If your need is more immediate, urgent or emergency care may be appropriate.

- Urgent care is meant to treat medical problems sooner than a scheduled office visit. If urgent care is needed, go to an Urgent Care Clinic, which is generally open evenings and weekends.
- Emergency care is for illness or injuries that are life-threatening. In the case of an emergency, call 911 or go to the nearest emergency room.

Urgent care and emergency room copays are generally higher than office visit copays. Visit deancare.com/rightcare for more details about getting the right care.

SSM Health Virtual Care

Can't get in touch with your regular physician or need after-hours help with a new condition? SSM Health Express Virtual Care can help. Video visits or e-visits are available for patients two years and older to diagnose and treat many common conditions.

- E-Visits are for minor medical concerns. They give you the answers you need through a simple on-line form. An

SSM Health provider will respond to your request electronically, with no need to schedule an appointment. Learn more about E-Visits and Virtual Visits at deancare.com/virtualcare.

- For urgent needs, you should use video visits. Members are connected with an expert SSM Health provider via video conference, usually within a few minutes during operating hours. Telehealth is a service delivered via real-time audio and video. Telehealth may also be called telemedicine, online or virtual evaluation and management, or a video visit. Log in to MyChart, or create a MyChart account to start a Video Visit. Cost can vary depending on plan.

24 Hour Nurse Advice Line

Nurse Advice Line* is there whenever you have a health question. You can connect with an experienced registered nurse by calling 800-576-8773 (TTY:711) or visiting deancare.com/nurseadvice

*Nurse Advice Line's triage phone services are only available to residents of Wisconsin due to licensing regulations.

DeanConnect

Get online access to your plan information at any time. With DeanConnect, you can review your benefits, change your PCP and much more! Visit deancare.com/newmember to register today.

We're Here To Help

Need help selecting a PCP or have other questions about your plan? Call our Customer Care Center at 800-279-1301. (TTY: 711).

When scheduling appointments or elective procedures, you are strongly encouraged to contact us to verify whether your providers are in our network. This includes for example, your anesthesiologist, radiologist, pathologist, facility, clinic or laboratory. If your provider is out-of-network you will pay more for your care, such as higher copay, deductible and/or coinsurance amounts. Refer to deancare.com/wi-employees to learn more.

The information contained in this directory may change throughout the year. If you have questions about the providers in our network, please contact our Customer Care Center at 800-279-1301. They can help you find a network provider or explain the financial implications of seeking care outside of our network.

Visit deancare.com/wi-employees to find more information about your health care coverage. You can even submit questions online to our Customer Care Center at deancare.com/contact-us/contact. For complete details about what's covered under your plan, please see your member certificate.

Our office is open to walk-ins from 8 am to 4 pm at 1277 Deming Way in Madison.

How do I know whether to go to the Emergency Room or an Urgent Care Center?

An EMERGENCY is the sudden and unexpected onset of acute symptoms that would lead a reasonable person to seek immediate medical attention. Emergencies include: heart attacks, strokes, poisoning, loss of consciousness and loss of breathing. Network facilities should be used whenever possible when seeking emergency services. However, if you are unable to reach a network provider please go to the nearest medical facility.

URGENT CARE provides treatment that is needed sooner than a routine doctor's visit. Urgent care is not emergency care. Some examples of ailments treated by urgent care include: most broken bones, sprains, minor cuts, minor burns, most drug reactions and non-severe bleeding.

Non-Discrimination & Language Assistance Access

For assistance understanding these materials in a language other than English, call 1-877-317-2410 (TTY: 711), and a Customer Care Center representative will assist you.

We comply with applicable Federal civil rights laws and do not discriminate on the basis of race, color, national origin, age, disability, sex, or religion. The Health Plan does not exclude people or treat them differently because of race, color, national origin, age, disability, sex, or religion.

We provide free aids and services to people with disabilities to communicate effectively with us, such as qualified sign language interpreters and written information in other formats (large print, audio, accessible electronic formats, or other formats).

We provide free language services to people whose primary language is not English, such as qualified interpreters and information written in other languages.

If you believe that we have failed to provide these services or discriminated in another way on the basis of race, color, national origin, age,

disability, sex, or religion, you can file a grievance with the organization's Civil Rights Coordinator. If you need help filing a grievance, the Civil Rights Coordinator for the Health Plan is available to help you. You can file a written grievance in person, by mail, or by email at:
